

# Emergency closure along portion of Snake River effective September 29, 2023

**UPDATED: SEPTEMBER 29, 2023**

## EMERGENCY CLOSURE

### HUNTING, FISHING AND TRAPPING CLOSURE

The Idaho Department of Fish and Game Commission has enacted an emergency closure of hunting, fishing, and trapping in a portion of the Snake River to align with a closure enacted by the Idaho Department of Agriculture after the detection of quagga mussels in the area.

#### Emergency Closure Area:

Effective immediately, all hunting, fishing, and trapping are closed below the ordinary high water mark of the Snake River from Twin Falls Hydroelectric Dam to the bridge crossing the Snake River at Highway 46 (also known as Ken Curtis Bridge).
